The Montana Kaimin

VOL. XX

STATE UNIVERSITY OF MONTANA, FRIDAY, JANUARY 28, 1921

NO. 34

WHITMAN DEFEATED BY GRIZZLIES 30-18

**Stellar Guarding of Baird;
Free Throws by Larkin
Are Game's Features.**

Montana again defeated Whitman, 30 to 18, in the University gymnasium Tuesday night. The work of Baird at guard, the field goals of Ahern and the free throws made by Larkin were the outstanding features of the game. Captain Rich again starred for the visitors.

Oughtfought and outplayed, the Northwest Conference basketball champions of 1920 dropped the second of a two game series to the Montana Grizzlies. Whatman played a fast, hard game but could not overcome the excellent guarding and brilliant teamwork of the Montana men.

In the first few minutes of play a foul was called on Garver of Whitman, and the scoring started when Larkin made good his free throw.

Four more points were quickly added to the score by Ahern, who was given the ball twice by his teammates. All during the first half the Grizzlies fed the ball to Ahern, who shot with deadly precision. Adams soon went in for Levin and played well throughout the remainder of the game.

Montana Defense Strong.

Whitman worked the ball down the floor often, but could not penetrate the Bruin guards. Baird played his usual strong game in recovering the ball and dribbling or passing out of the danger zone. Captain Sullivan played his man hard and at no time let down his strong defense.

At the end of the first half the pistol cracked just after Ahern tried for a difficult goal. The ball struck the upper edge of the backboard, bounced and came down through the hoop. At first there was some doubt as to whether the basket counted, but Referee Varner allowed the goal.

The score stood 18 to 5 for Montana, Ahern making 10 points and Larkin eight.

Second Half.

The second half was much more even than the first. Whitman came onto the floor determined to overcome Montana's lead. Captain Rich, the flashy little forward for the visitors, slipped past the Bruin guards for several baskets.

For the first half of this period Whitman had everything its own way. Then the Montana guards tightened and the tide of the contest turned. The Whitman players seemed tired out but still fought desperately, committing many fouls. Out of eight foul shots, Larkin scored six points.

Elliott went in for Sullivan and showed he was deserving of recognition. Higbee went in for Ahern and assisted the Bruins by his passing and team-work.

The game ended as Larkin made a goal after being given the ball by a series of passes from the other end of the floor.

Return Games.

The Grizzlies play two return games with Whitman at Walla Walla, February 7 and 8.

The lineup:

Montana (30)	Whitman (18)
Position.	
Larkin	Garver
Right Forward.	
Ahern	Rich (C)
Left Forward.	
Levin	Reynolds
Center.	
Baird	Laden
Right Guard.	

Timber Cats to Have Their Contest Soon

The ranger students met in the forestry building Thursday afternoon to arrange for contests between the regular forestry students and the short course men to be held some time in February.

The contests will include piano playing, packing, cracker eating, log sawing and a tug-of-war.

H. D. Bushey, one of the men in charge, says: "We are confident the 'short horns' can beat the 'long horns' at anything they want to try and we won't need anyone to get dates for us for the Foresters' ball. Anyone who has been on the campus 30 days ought to be able to get dates for himself."

STATE CHEMIST TALKS TO PHARMACY STUDENTS

**This Is the First of a Series of Talks
to Be Given By Promi-
nent Men.**

Dr. Emil Starz, chemist for the state livestock sanitary board, and member of the state board of pharmacy, talked to students of the school of pharmacy on "The Contribution of Products to Pharmacy by Industry of Montana," Thursday, at 8 o'clock. This is the first of a series of lectures by prominent chemists and pharmacists sent out at the expense of the state association.

Dr. Starz cited the many pharmaceutical products now manufactured in Montana and emphasized the fact that Montana has possibilities which will, after the settlement of present conditions, and an increase in population and capital make her a rival of eastern industrial centers.

Dr. Starz believes future industrial development will come, not only from taking advantage of untouched resources, but from the big industries now at work in Montana producing more by-products from material now disposed of as waste.

VARSITY VODVIL ACTS JUDGED FEBRUARY 16

Varsity Vodvil tryouts are to be held in the Liberty theater at 1 o'clock on February 16, according to Keith Brown, manager. The judges for the selection of the acts at the tryouts have not been chosen, but those appointed to name the act winning the silver loving cup on the night of the presentation of the vaudeville are: Alexander Dean, director of dramatics; Mrs. Quincy Scott, secretary to the president of the University; Dean A. L. Stone, Dr. M. J. Elrod and R. H. Jesse, Jr., dean of men.

Delta Sigma Chi sorority was hostess at dinner Wednesday to Dr. and Mrs. M. J. Elrod, and Dr. and Mrs. J. X. Neuman.

Sullivan (C) Comrade
Left Guard.

Substitutions—Montana, Adams for Levin, Elliott for Sullivan, Higbee for Ahern.

Field goals—Ahern 6, Larkin, 4, Rich 4, Reynolds 2, Garver 2.

Free throws—Larkin, 10 of 15; Rich, 2 of 9.

Referee—Varner. Timer—Turner.

HAPPINESS UNAFFECTED BY DOING AS SUGGESTED

**President Sisson Addresses Students
on Correct Conduct While
at University.**

"Acting upon the suggestions made in these talks does not mean that you will lose any of the joy of living," said President E. O. Sisson Wednesday morning in "Concrete Problems," the second of a series of lectures on "Community Conduct." That is not what conduct means.

Preserving order in the library, attending convocations, especially when there is a speaker from the outside, not leaving before a lecture or other public gathering is over, and putting aside any crudeness of youth we may still be clinging to, were some of the topics discussed.

"Self-direction, the learning to put one's self to work and to keep at work is one of the first lessons a college student must learn. The ability to work without supervision is one of the characteristics of a person with normal intelligence.

"The calendar is a poor thing to measure maturity by. In the charitable institutions of this country we can find people whose calendar age is 60 and whose mental age is 5.

"Compared with the college graduate of England and Germany, the American college graduate is intellectually pathetic; he does not know what scholarship is. America has been spoiled by too much prosperity. Her resources, the richest in the world, have been wasted because of the ignorance of her people. Now we must think better before it is too late."

Lelia Paxson, '20, sang two solos at the beginning of the convocation.

The third lecture, "Summary and Conclusions" will be given Thursday, February 3.

FRESHMEN WILL PLAY ALL-STARS SATURDAY

The University freshman basketball team will play the Stevensville All-Stars in the gymnasium Saturday night.

Several weeks ago the freshmen played the All-Stars and won by a 28 to 25 score. Both teams have been practicing hard since then and a fast game is expected.

The freshman team will probably line up with Badgley and Tanner at forward; Egeberg and McDonald, guards; and McAuliffe, center.

Since student tickets do not admit students to freshmen contests an admission price of 25 cents will be charged.

JONES BILL WOULD ABOLISH OFFICE HELD BY CHANCELLOR

A bill that would abolish the office now held by Chancellor E. C. Elliott, was introduced before the state senate by Dudley Jones, of Phillips county, January 24.

The bill provides that the present duties of the chancellor of the Greater University of Montana be assigned to the state superintendent of public instruction.

This is one of the measures taken in cutting down what has been termed unnecessary state expense.

Sisson to Give Talk On Habits in Home

President E. O. Sisson will deliver a talk to the Parent-Teachers' association of Orchard Homes on the evening of February 5. His subject will be "The Importance of Habits Formed in the Homes."

On February 22 he will speak at Deer Lodge, during the Powell County Farmer Week. He has chosen as his subject, "The Place of Great Americans in the American School."

WILL PRESENT BLANKETS TO ADAMS AND DAHLBERG

**A. S. U. M. Approves Sentinel Contract
and Discusses Plans for Ath-
letic Ball.**

Members of the A. S. U. M. executive committee, at a meeting held on Wednesday, voted to appropriate funds to buy two blankets, which are to be presented to Harry Adams and Harry Dahlberg, for their four years' participation in athletics while attending the University. Requirements for winning of a blanket are that the athlete must win three letters. Two of these letters must be won in the same sport. The athlete must also win one of the letters his senior year. The executive committee also voted to buy a sweater for the yell king.

Approval of the contract between the Sentinel and the Missoulian Publishing company, was given by the authorization of Charles Roberts, manager of the Sentinel, to sign the contract.

Plans for the Athletic ball were discussed and Ann Wilson was appointed chairman of the arrangements committee. The dance is given annually by the A. S. U. M., in honor of the athletes of the University, and is usually held shortly after the Christmas holidays.

GLEE CLUB WILL SING AT ASSEMBLY TUESDAY

The University men's glee club and the University choral society, which consists of 100 voices, will sing at an assembly under the direction of De Loss Smith, dean of the school of music, Tuesday morning.

Solos, both vocal and instrumental will be given by advanced music students. The choral society will give two selections from the "Rock of Liberty," a pilgrim ode, by Rosseter G. Cole. The chorus will sing "The Struggle," "Lord of Harvest" and "The Toil." The glee club will sing "I Hear Thrush at Eve," by Cadman, and "On the Road to Mandalay," by Sparks. The solo obligato will be sung by Russell Stark.

FOOTBALL MEN.

The third meeting of men for winter football practice will be held in Natural Science auditorium Monday, January 31, at 4:45. This meeting will consist of a lecture and chalk talk by Coach B. W. Bierman. All football men are requested to be present.

MONTANA QUINT OFF FOR AGGIE CONTESTS

**Undefeated Teams Clash
In Championship
Series.**

Coach Bierman and his undefeated basketball team left this morning on the Northern Pacific for Bozeman for the first two of a four-game series to be played with the Bobcats. The two games scheduled at Bozeman will be played on this trip; one tonight and one Saturday night.

Captain Sullivan, Larkin, Ahern, Levin, Baird, Adams and Elliott compose the squad of players which made the trip. The Bruins showed a class of ball in the Whitman contests Monday and Tuesday that indicates Montana State will meet with fierce opposition to its holding state honors another year. Larkin and Ahern are a pair of forwards hard to beat. They play well together. Levin has been playing center well in every contest. Adams is capable of substituting at any position to advantage. Baird's guarding is one of the sensations of the season. Captain Sullivan is playing his usual strong game and Elliott has played well when substituted at guard. Lambert deMers, student manager of basketball, accompanied the team.

The Bobcats are reputed to have a strong team this year. They defeated the Mines in two games, 15 to 13, and 19 to 13. There are no letter men playing although three of the squad played upon the frosh team last year. They are McCarren, forward; Hollister, guard, and Whitney, center. Garvin, forward, made a name for himself on the Billings team and Richards, who plays the other guard, is a former Sweet Grass star. Jorgensen, a letter man and one of the best forwards even seen upon a Montana floor, is not eligible this year.

The Bruins will return to Missoula Sunday morning, arriving at 11:30.

FLATHEAD COUNTY HIGH PRAISED BY H. G. MERRIAM

"Flathead county high school," said Professor H. G. Merriam yesterday, "is one of the most energetic, well-equipped and efficiently organized schools I have ever visited in Montana."

Mr. Merriam was one of the judges of the Whitefish-Flathead debate. He said that he found a strong interest in the state institutions and that many inquiries were made about Montana college life. The state schools are not well-known in northwestern Montana, and consequently Idaho and Washington have been drawing many students from that section who might have attended the State University or some other school of the Greater University of Montana.

Mr. Merriam added that Flathead county will graduate about ninety students next June. He expects many of them to stay in Montana for university work.

George Sanders, vocational student in business administration, who was operated on at St. Patrick's hospital yesterday, is resting well and will probably re-enter school with a few weeks, according to George I. Stevens, local representative of the federal vocational board.

The Montana Kaimin

Published semi-weekly by the Associated Students of the State University. Entered as second-class matter at Missoula, Montana, under Act of Congress, March 3, 1879.

Subscription price \$2.00 a year.

Are You Well-Mannered.

In an editorial entitled "Formality Asleep," the Daily Kansan recites the fact that at a dinner where twelve college men and women were sitting, most of them had not been introduced to other members of the party. This condition could be duplicated at dozens of functions given at the University of Washington.

We in Seattle may try to hide behind the excuse that this is the "West" where we are not strong on manners, but the fact remains that we entirely lack the free and open features of the West which might excuse ignorance or neglect of proper manners. We are living in a big city; we are not expected to act countrified.

If you have ever met Europeans, you have probably noticed and enjoyed the ease with which they do and say the correct thing at the proper time. There is nothing superficial or affected about their behavior.

Good breeding and thoughtfulness of others are things not to be ashamed of, nor to poke fun at. They make a person more agreeable and more enjoyable. They are really indispensable features of any function at which college people are present. Good manners cost nothing and at that are a good investment.—Washington Daily.

Tickets to Games.

We approve in every detail the communication of Dr. Schreiber, published in this issue. It is impossible for the managers at the entrance gates to know the classification of every student, even if they know the student personally.

It is unfair to the regular students who pay an A. S. U. M. fee at the beginning of the year to have special students who do not pay this fee admitted to athletic contests without charge. The A. S. U. M. is not financially able to support parasites. Help your officials to give you a square deal.

The Aggie Games.

This morning our undefeated Bruin quint left for Bozeman to play the Aggies in the first two contests of a four-game series. We believe the team will triumph over the State College. Win or lose, Montana teams are worthy of the support of the student body. Did you see the team off this morning? Or did you leave that duty and privilege to some one else? Most students did.

The squad will arrive at the Northern Pacific depot Sunday morning at 11:30. Will you be there?

Whitman is playing Washington State and Idaho on the return trip to Walla Walla. Comparative scores should be interesting.

Who will win the Varsity Vodyl loving cup?

Communication

To the Editor of The Kaimin:

I have heard some complaint from students over the ruling of the athletic management that students must present their A. S. U. M. ticket for admission to contests. I am very sure that these students when they know the reasons for such ruling will agree that such methods are absolutely necessary.

In the first place the management cannot remember the names and faces of a thousand students, and last year when we did not ask for the tickets we found a large number of outsiders claiming to be students, were being admitted free of charge. Is there any entertainment of any kind at which tickets are required when you are admitted without the ticket?

Again, we have found that when we did not require the students to present their tickets, that some of them gave these to outsiders who presented them at the door for admission, and thus two persons were admitted on the one ticket.

This year we have found that some students after gaining admission to the contests tossed their tickets out of the window or over the rear of the grandstand to outsiders, who then used the ticket for admission.

Students must realize the financial condition of athletics. The very fact that we were obliged to raise money by a tag day in order to insure our spring athletics certainly is evidence of the fact that only by the very strictest economy are we going to be able to pull through this year. It is necessary that we take in as much money at the gate as we possibly can. Certainly it is not right to expect to take two, three or more persons into the contests on a single ticket. The seating capacity in the gymnasium is limited. The management has its choice of doing three things at basketball games. To limit the crowd to students only, in which case we will have to reduce the schedule one-half; to limit the number of spectators and take "first come first served" and close the doors when the seats are filled, in which case the schedule will have to be cut considerably; or to take the present method of handling which insures us sufficient funds to carry out a full schedule. It is unfortunate that the University has such a poor gymnasium, but this cannot be remedied by the management, and we simply must ask the students of the University to help until such time as the University sees its way to build a first class building.

W. E. SCHREIBER,
Director of Athletics.

WE APOLOGIZE.

Mistakes made in the last issue of The Kaimin:

Howlitt Fullerton's name was misspelled.

L. M. Simes is a professor of law instead of an instructor.

Due to incorrect information given a reporter, Dr. N. J. Lennes was credited with directing the work of the correspondence study department when it was established in 1910. Dr Lennes did not come to the University until 1913. Otherwise the story was correct.

EX-SERVICE MEN.

All ex-service men, students and faculty, meet at the library Friday, January 28, at 4 o'clock, to have pictures taken for the Sentinel. There will be no charges.

LEONARD RADTKE.

Ethel Brockway, Eva Caswell and Mercedes O'Malley are leaving this evening for Helena to spend Saturday and Sunday with Miss Brockway's parents, Mr. and Mrs. D. G. Brockway of Billings. Mr. Brockway is a representative from Yellowstone county in the state legislature.

EXCHANGE

WOMEN'S ATHLETIC PROGRAM TO COME UP FOR APPROVAL

Cap and Gown, senior women's honor society at Montana State College, has drawn up a program for women's athletics which will come up soon for approval by the women of the student body. The small size of the drill hall and the lack of equipment have made indoor sports impossible for the college women for about 10 years, but Cap and Gown proposes a schedule of swimming classes to be held at the city Y. M. C. A. and classes in such outdoor sports as target practice, hiking, skiing and tennis. The organization hopes to start work, when the college gets a new gymnasium, will develop into a physical education department that will award letter sweaters to women as well as men.

Fred B. Smith of New York city, spoke to the students and faculty of Montana State College, on "The Need for a New Morality," at an assembly Monday. He urged the students to take an active part in the present great moral struggle.

Mr. Smith is making a speaking tour of the northwestern states for the federal council of churches in North America. He is connected with a large manufacturing firm, but was formerly a Y. M. C. A. secretary. Mr. Smith during the war spoke under the auspices of the Army Y. M. C. A. at army cantonments.

You have been waiting
for prices to go down
---Donohue's Cleanup
Sale has made this possible--*There is nothing to wait for now.*

And it is well that you have waited, for now your dollar has regained its old time purchasing power of the days of 1916. Donohue's has concentrated every ounce of its merchandising resources and power to make this Cleanup Sale thrill with a pre-war spirit of economy and thrift. Yet in returning to price levels of past years we aim to associate them with merchandise, that through the improved production due to constant progress, is more desirable, and more accurately fills human needs than was possible five years ago. Here you will find only the finest of dependable merchandise at the most drastic reductions seen in many a day. Prices that are hardly conceivable at this day of higher levels.

The Leader

Tex to Be Sailor Will Leave Soon For Coast Town

His big hat and genial smile will soon be missed and the campus will not seem quite the same without him. Tex is going away.

Ulrich M. Ludwig, familiarly known as Tex, has received a transfer from the federal vocational training board and will discontinue his course in forestry to take a course in navigation in Seattle, with a view to a position as third mate in the U. S. merchant marine. He will leave for Seattle Sunday, January 30.

Tex attended the University as a vocational student in forestry during the winter and spring quarters of 1920 and returned to continue his course at the beginning of the present quarter. However, the work in the forests, necessarily at high altitudes, was found to be unsuitable to his health and then Tex just naturally longed for the smell of salt water anyway. So when the chance came to train for service with the merchant marine he took it. With about two months training he expects to be made third mate on a passenger boat. This position carries a salary of \$186 a month with board, quarters, pay for overtime, and a chance for advancement.

"While at the University I met a fine bunch of fellows and they have treated me with the same western hospitality that we show folks down in Texas. I am going to write for one of the Sentinels this spring," said Tex.

MONTANA WATER POWER IS DISCUSSED BY KRAMER

The development of the available water power of Montana was discussed by E. W. Kramer, hydro-electric engineer of the northern and north Pacific district of the U. S. forest service, at a meeting of the Forest club Wednesday evening. The lecture was accompanied by stereopticon slides.

Mr. Kramer stated that when all the available water power of Montana is developed and put to electrical uses, it will amount to 350,000 horse-power. All the railroads in the state could be electrified, on a basis of 91 horse-power to the mile, by the use of 180,000 horse-power. Approximately half of the state's electric power would still remain for industrial uses. Mr. Kramer drew the conclusion that Montana would be a great manufacturing state in the future.

In speaking of the proposed Yellowstone National park project for the development of water power on the head of the Snake river, Mr. Kramer was non-committal, stating merely that the plan was not favored by the present secretary of the interior.

FOREST CLUB TO SEND DELEGATE TO BERKELEY

The University forest club will send Earl P. Dirmeyer as delegate to the convention of the federated forest clubs of the United States, to be held in Berkeley, California, in February. This was decided at a meeting of the club Wednesday night.

"The Forestry Kaimin, which will appear early in February, will be the best Kaimin of the year and put the lawyers' Kaimin deep in the shade," stated a forestry student yesterday. Plans for its publication were made at the meeting.

Louis Dennie was made chairman of the decorations committee for the Foresters' ball to be given in the gymnasium February 16.

Annual High School Carnival Saturday

Saturday night the senior class of the high school will give its annual carnival and vovvil show.

"It will be a regular old-time affair," said one of the managers. "There will be ten big side shows that will start at 7 o'clock. At 8 o'clock the vovvil will start in the new auditorium. Dancing, singing, newest jazz music, various stunts and performances and a one-act farce are included in the program. After the vovvil a dance will be given in the gymnasium."

A RUBAIYAT OF 1921. By Insydious.

To universities, though scarcely knowing

What they shall gather while young years are flowing,

Come children with their minds from thought quite free,

And leave with reason's fire but faintly glowing.

They think some seeds of wisdom there to sow,

But somehow (curse 'em) they don't seem to grow,

And if they do, it brings not happiness,

'Tis tommyrot—Come! to the dance let's go!

Come, my beloved, to the dizzy fling: Reflection there is not the proper thing.

Leave learning to the sages—greasy grinds!

He that would ponder hath no time to sing.

Addenda by Otto B. Schott:

Pray let a gambler have the privilege To settle this. I've no desire to hedge.

We'll spin a coin—heads, movies; tails, the dance;

We'll stay and study if it stands on edge.

DOCTOR J. H. UNDERWOOD WILL LECTURE FRIDAY

First Lecture of Series by Faculty of University to Be Presented at High School.

"The Economic Situation at the Beginning of 1921," is the subject of an address to be given by Dr. J. H. Underwood, professor of economics, at the Missoula County High School, Friday evening at 8 o'clock.

This is the first of a series of eight community lectures to be given Friday evening of each week by members of the University faculty at the high school auditorium.

The program follows:

Assistant Professor Sidney Hayes Cox will give a lecture on "Emerson," February 4.

Alexander Dean, director of dramatics, will lecture on "Our Commercial Theater," February 11.

February 18, Professor J. E. Kirkwood will lecture on "Mexico."

Professor F. O. Smith will lecture on "The Musical Mind," February 25.

DeLoss Smith, dean of the school of music, will deliver a lecture on "Recital," March 4.

"The Road to Justice" will be the topic of Professor L. M. Simes, on March 11.

"Labor Legislation" is the topic which Dean S. J. Coon will lecture on March 18.

Professor H. G. Merriam will deliver the last lecture March 25, on "Poets and No Poets."

Kappa Psi, national professional pharmacy fraternity, entertained Dr. Emil Starz at a banquet at the Florence hotel Thursday evening. Those seated with the guest of honor were: Alex F. Peterson, Dean C. E. F. Mollett, Instructor J. F. Suchy, Henry Rakeman, Marvin Black, Albert Woehner, Millard Rose, Walter Clark, Wallace Lynch and Francis Peterson.

Delta Sigma Chi announces the pledging of Mary Aho of Red Lodge, Bernice MacKeen of Butte, and Louise Snyder of Stockett.

Oregon Agricultural College has completed plans for a new pharmacy school building. The University of Oklahoma school of pharmacy is also planning to have a new building which will cost \$250,000, according to Dean C. E. F. Mollett.

On the Campus

CAMPUS CALENDAR.

January 28—Hobo club dance.
January 29—Freshman dance.
February 3—Lecture by Dr. E. O. Sisson.
February 4—Iota Nu dance.
February 4—Sigma Phi Epsilon dance.
February 5—Delta Gamma dance.
February 9 and 10—Conference on Life Ideals.
February 11—W. S. G. A. Co-ed formal dance.
February 12—Idaho Glee club.
February 16—Foresters' dance.

February 19—Alpha Phi dance.
February 25—War fund committee dance.
February 26—University orchestra—K. Parlow.
March 4—Iota Nu dance.
March 5—Delta Sigma Chi dance.
March 11—Alpha Delta Alpha pledge dance.
March 19—Sigma Nu formal dance.

Delta Sigma Chi Win Close Game From Craig Hall

Delta Sigma Chi's five broke Craig hall's percentage of 1000 by defeating her 23 to 22 Wednesday afternoon. Delta Gamma won from Theta by a score of 11 to 8 the same afternoon. Last Monday Alpha Phi bowed to Town by the score of 24 to 14 and Delta Sigma Chi took a game from Theta by 27 to 10.

Neither of Monday's games was very vigorous. Though Alpha Phi put up a good fight with co-operative work on the part of Solvay Andresen and Emma Quast, playing center and guard interchangeably, she could not cope with Lillian Christensen's fast playing and the close guarding of Lois Showell.

Delta Sigma Chi won her game from Theta by good team work and carefully aimed baskets. Doris Gaily and Viola Gudmunsen as forwards and Ovidia Gudmunsen at center played on "sten ball. Agnes Boyd, Theta center, made most of the points for her team.

The standing of the teams at present is:

	Won	Lost	Pct.
Craig Hall	5	1	833.3
Town	5	1	833.3
Delta Sigma Chi.....	5	2	714
Delta Gama	4	3	571.4
Out-of-Town	2	3	400
Alpha Phi	2	4	333.3
Theta	2	5	285.8
Kappa	0	6	000

"Factions in the American Labor Movement," will be the subject of an address by Lloyd Thompson at a meeting of the Social Science club Tuesday evening, at the Natural Science auditorium.

NEW McCALL PATTERNS FREE

To students for work in sewing the New McCall Pattern will be given free of charge at the J. C. Penney Store.
Any Pattern you may choose is free upon application.

THE NEW McCALL PATTERN

Printed titles and instructions replace old perforations. Each part is marked with a direction arrow and the words, "straight of the goods."

Joining together is as simple as 2 + 2. Printed numbers on one piece join with the same number on the other.
